End Application:

F/a-22 raptor

Product Name:

Backup ring, cockpit conditioned air supply

Special Features:

5.540 od; 3.170 id; 6 .223-.226 diameter holes an a 4.600 bolt circle

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 7075-t6 aluminum federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
