Product Name:

Seal assembly, slave piston

Special Features:

Wassembly consists of 1 scraper part no. 9436137-01 and 1 energizer 9436137-03; scraper material polyetheretherketone filled with 20 pct. Polytetrafluoroethylene and 2 pct. Carbon per msd 1074; energizer material nitrile mil-p-83461

Material:

Plastic polytetrafluoroethylene packing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
