Cross Sectional Shape:

Rectangular

Length:

48.000 inches

Surface Condition:

Smooth outside periphery

Cross-sectional Height:

0.500 inches

Cross-sectional Width:

0.125 inches

End Application:

6X46-TO-NTR-UCKT

Special Features:

3m-4508 vinyl closed cell foam with pressure sensitive adhesive back (one side)

Material:

Rubber, cellular and plastic, polyvinyl

Material:

Rubber and plastic polyvinyl

Fsc Application Data:

Control, 24v converter assembly no. 48b247

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
