End Application:

C-135 aircraft, f.S. Station 302.66 u/o 707, e-3a

Product Name:

Seal, cable engine control

Special Features:

Laminated thermo-setting sheet, cotton fabric, phenolic resin

Material:

Cotton and plastic

Material Specification:

Mil-p-15035 type fbm military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-p-15035 spec.
