Cross Sectional Shape:

Hollow bulb

Cross Section Inside Diameter:

0.380 inches

Cross-sectional Thickness:

0.060 inches

Cross-sectional Height:

0.500 inches

End Application:

Apache attack helicopter

Construction:

One-piece

Product Name:

Extrusion, bulb section, elastic

Material:

Rubber synthetic

Material Specification:

Ams 3208 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
