End Application:

Mk45 nsfs

Product Name:

Retainer, seal tank

Special Features:

13.12in long; 2.749in dia; has flange 3.688in diameter w/5 bolt holes 0.281 diameter and 2x250-20 unc-38 thru

Material:

Copper alloy

Material Specification:

Astm b150 condtn to50 strength cl2 uns c63000 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
