**End Application:**

Mk45 nsfs

**Product Name:**

Retainer, seal tank

**Special Features:**

13.12in long; 2.749in dia; has flange 3.688in diameter w/5 bolt holes 0.281 diameter and 2x250-20 unc-38 thru

**Material:**

Copper alloy

**Material Specification:**

Astm b150 condtn to50 strength cl2 uns c63000 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
