Accommodated Shaft Diameter:

Between 5.363 inches and 5.443 inches

Seal Width:

Between 0.155 inches and 0.165 inches

End Application:

2520-01-201-4784 transmission with c

Housing Bore Diameter:

Between 5.534 inches and 5.624 inches

Construction:

One-piece

Product Name:

Seal-lip external

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
