**Cross Sectional Shape:**

Single turn spiral

**Cross-sectional Height:**

Between 0.035 inches and 0.065 inches

**Center Hole Diameter:**

Between 0.454 inches and 0.484 inches

**Peripheral Diameter:**

Between 0.785 inches and 0.815 inches

**End Application:**

C-17

**Product Name:**

Retainer, packing

**Material:**

Plastic polyamide

**Material Specification:**

L-p-410 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528b0
