**Accommodated Shaft Diameter:**

120.0 millimeters

**Housing Bore Diameter:**

199.0 millimeters

**Construction:**

Solid

**Product Name:**

Nilos-ring ball bearing grease seal

**Special Features:**

Material is steel; nilos-ring for single row deep groove ball bearing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
