End Application:

Halvorsen loader

Product Name:

Sealant

Special Features:

Material: silicone rubber compound; composition: quart (silica crystalline)sillicic acid, trimethylsilyl 2-butanone, 0, 0', 0" (ethenylsilylidyne) trioxime methyl ethyl ketoxime (meko) , a decomposition compound; per cage 93408, item is packaged as a tube and sold individually

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
