Cross Sectional Shape:

Rectangular

Length:

20.000 feet

Surface Condition:

Any acceptable both sides

Cross-sectional Height:

0.125 inches

Cross-sectional Width:

1.000 inches

End Application:

Refrigerated ship stores plant

Special Features:

Material poron

Material:

Rubber, synthetic

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
