End Application:

Amad system

Material:

Steel comp 302 or plastic polytetrafluoroethylene

Material Specification:

Stainless steel type 302 per astm 313 passivate per ams-qq-p-35, type vi or vii and graphite carbon ptef assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
