**Cross Sectional Shape:**

Rectangular

**Nonmetallic Hardness Rating:**

70.0 shore durometer a

**Cross-sectional Height:**

1.500 inches

**Cross-sectional Width:**

0.250 inches

**End Application:**

Vds tail support

**Special Features:**

2 holes .656 inches in dia.; cut to length

**Material:**

Rubber, neoprene

**Material:**

Rubber chloroprene class cr

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A26800
