**Cross Sectional Shape:**

C-section w/ helical spring

**Accommodated Shaft Diameter:**

Between 3.997 inches and 4.000 inches

**Seal Width:**

Between 0.281 inches and 0.291 inches

**End Application:**

Seawolf class ssn

**Housing Bore Diameter:**

Between 4.375 inches and 4.378 inches

**Construction:**

One-piece

**Product Name:**

Series w10 rod seal

**Material:**

Plastic polytetrafluoroethylene sealing element

**Material Specification:**

Turcon 07 mfr ref single material response sealing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
