**Cross Sectional Shape:**

Circular with center aperture

**Cross Section Inside Diameter:**

0.250 inches

**Cross Section Outside Diameter:**

0.500 inches

**End Application:**

Phst center container

**Special Features:**

Seal made from 298.5 inch length with vulcanized joint; pull strength of 30 lbs

**Material:**

Rubber synthetic

**Material Specification:**

Astm d2000 -5bc410c12c20e034 assn standard all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
