Cross Sectional Shape:

O-ring

Cross Section Outside Diameter:

0.250 inches

Product Name:

Polytetrafluoroethylene back up ring, spiral

Special Features:

material polytetrafluoroethylene ams-3651, latest revision

Material:

Plastic polytetrafluoroethylene sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
