Cross Sectional Shape:

Bristles, edged

Aperture Length:

8.000 inches

Cross-sectional Height:

1.000 inches

End Application:

Ssn 688 class submarine retractable bow plane tip seal

Construction:

One-piece

Product Name:

Brush strip assembly reverse coil

Special Features:

Bristle: 6-12 nylon -- bristle diameter : 0.008 --- backing material : 3/8in stainless steel -- brush length: 8in -- brush trim: 1in

Color:

Black

Material:

Stainless steel case

Style Designator:

Oval

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
