Accommodated Shaft Diameter:

2.375 inches

Seal Width:

Between 0.351 inches and 0.359 inches

End Application:

Tx100-1 transmission

Product Name:

Oil seal, double lip

Special Features:

Operating temperature 300 deg. F max.; pressure to be sealed 5 p.S.I.

Material:

Steel case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
