Cross Sectional Shape:

D

Nonmetallic Hardness Rating:

40.0 shore durometer a

Length:

2.000 inches

Cross-sectional Height:

0.500 inches

Cross-sectional Width:

1.000 inches

Strengthening Feature:

Backing

End Application:

Pilot boarding station door for Ipd-17

Product Name:

Door open gasket

Material:

Rubber, neoprene

Material:

Rubber chloroprene class cr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
