Cross Sectional Shape:

Tee intermediate ring

Inside Diameter:

1.997 inches

Outside Diameter:

2.371 inches

End Application:

Improved navy lighterage system

Joint Type:

Scarf-peripheral bottom ring

Product Name:

Rod t-seal

Height:

0.280 inches

Material:

Rubber butadiene-acrylonitrile class nbr intermediate ring

Material Specification:

Nylatron mfr ref single material response top ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
