g
End Application:
Waterjet, propulsor units u000003677 (inls)
Product Name:
Packing ring
Special Features:
Outside diameter is 480 mm; inside diameter is 165 mm; cross section is 2 mm
Material:
Fiber nonasbestos and rubber butadiene-acrylonitrile class nbr
Material Specification:
Klinger sil c4400 mfr ref single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
