Cross Sectional Shape:

Square

Fabrication Method:

Solid

Length:

12.000 inches

Cross-sectional Height:

0.150 inches

Cross-sectional Width:

0.150 inches

Special Features:

Contains non-asbestos materials

Specification Or Standard:

B type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800

Mil-std (military Standard):

Mil-p-17303 spec.
