End Application:

Valve, angle relief czmtn15cgc/cdd60-1.5-001

Special Features:

Material specification is blueguard 3200; re the material -- color of material is offwhite, temperature rating is +600 degrees fahrenheit, pressure (max) is 1200 psi

Material:

Rubber butadiene-styrene class sbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
