End Application:

Reactor boundry area

Product Name:

Stem seals

Special Features:

Nha: 4820-01-475-5087; valve, ball; reinforced polytetrafluoroethylene 15% glass filled material as manufactured by dupont or equal

Material:

Plastic tetrafluoroethylene and glass fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
