#### **End Application:**

Reactor boundry area

#### **Product Name:**

Stem seals

#### **Special Features:**

Nha: 4820-01-475-5087; valve, ball; reinforced polytetrafluoroethylene 15% glass filled material as manufactured by dupont or equal

## Material:

Plastic tetrafluoroethylene and glass fiber

#### Shelf Life:

N/a

## Unit Of Measure:

---

## Demilitarization:

No

Fiig:

A032a0
