Cross Sectional Shape:

Concave bottom straight face

Outside Diameter:

1.446 inches

Ring Style:

Expanding concentric

End Application:

Actuator assembly, np2000 propeller system 1610-01-513-1214, special electronic aircraft e-2c

Special Features:

Expanding concentric metal ring, 0.060" thickness, 0.129" width, with 32 micron finish outside edge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08400
