**End Application:**

NSN:-58-950-1526

**Product Name:**

Extreme-temperature silicone foam rubber

**Special Features:**

Criss-cross textured finish with skin; adhesive-back strips; adhesive is silicone and has a temperature range of -100 degrees to +450 degrees f; thickness 1/16"; length 30 ft; thick tolerance +/-0.016"; wide 1/4"

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A26800
