End Application:

NSN:-58-950-1526

Product Name:

Extreme-temperature silicone foam rubber

Special Features:

Criss-cross textured finish with skin; adhesive-back strips; adhesive is silicone and has a temperature range of -100 degrees to +450 degrees f; thickness 1/16"; length 30 ft; thick tolerance +/-0.016"; wide 1/4"

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
