Cross Sectional Shape:

Rectangular one corner radius

Attachment Method:

Cemented

Cross-sectional Thickness:

8.0 millimeters

Cross-sectional Height:

127.0 millimeters

Cross-sectional Width:

178.0 millimeters

End Application:

2420-01-532-3399, tractor, wheeled, industrial

Product Name:

Seal right duct

Color:

Black or gray

Supplementary Features:

Material: low permeability foam 1.8-2.0 lbs/cubic density

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
