Cross-sectional Height:

Between 0.579 inches and 0.589 inches

Center Hole Diameter:

Between 7.244 inches and 7.247 inches

Peripheral Diameter:

Between 7.724 inches and 7.729 inches

End Application:

C-5 aircraft

Material:

Rubber butadiene nitrile packing

Material Specification:

Greene tweed avalon 02 nwr mfr ref single material response bottom ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
