Cross Sectional Shape:

Cup

Cross-sectional Height:

Between 0.455 inches and 0.515 inches

Center Hole Diameter:

Between 2.385 inches and 2.395 inches

Peripheral Diameter:

Between 2.730 inches and 2.745 inches

End Application:

Valve check stp glb 2.50ips 1500psi btwld sstl

Angle:

65.0 degrees

Product Name:

Graphitic pressure bonnet seal ring

Special Features:

Contains stainless steel caps

Material:

Graphite

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
