Cross Sectional Shape:

Plain rectangular, straight face

Inside Diameter:

14.0 millimeters

Ring Style:

Contracting concentric

Radial Wall Thickness:

2.0 millimeters

Overall Width:

2.0 millimeters

End Application:

Duplex filter

Product Name:

Screw plug gasket

Material:

Copper alloy

Material Specification:

Din en 1652 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08400
