Cross Sectional Shape:

Rectangular

Length:

1.600 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

0.500 inches

Cross-sectional Width:

0.750 inches

End Application:

Virginia class submarine aft remote interface control assembly

Product Name:

Gasket

Special Features:

Material specification mil-r-900

Material:

Rubber, buna-n

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
