Cross Sectional Shape:

Circular

Length:

31.133 inches

Cross Section Outside Diameter:

0.070 inches

End Application:

Mse battery box assembly which is used on 819753 (53711) mission support equip system

Material:

Rubber, buna-n

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
