Cross Sectional Shape:

Circular

Nonmetallic Hardness Rating:

70.0 shore durometer a

Length:

10.000 feet

Cross Section Outside Diameter:

0.750 inches

End Application:

Misc hull system Icac 0001

Product Name:

O-ring cord stock

Special Features:

Comes in 3, 10, 20, 50 and 100 foot lengths, temp rating -40 to +212 degrees f

Color:

Black both sides

Material:

Rubber, chloroprene

Material:

Rubber chloroprene class cr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
