End Application:

1 1/2 and 2 in. Cold water recordall turbo 200 meters

Product Name:

Cage seal

Special Features:

U shaped that fits over the outside of the flow gage to seal between it and the meter body

Material:

Plastic polypropylene and rubber ethylene-propylene-diene class epdm

Material Specification:

Santoprene mfr ref single material response

Reference Data And Literature:

Recordall turbo series meters page 2 and 4 item 23

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
