**End Application:**

3 in. 150lb bronze, flanged, scupper valve

**Product Name:**

Bonnet gasket

**Material:**

Rubber butadiene-styrene class sbr

**Material Specification:**

Mil-g-1149, type 2, cl 2 military specification single material response

**Reference Data And Literature:**

Pima valve figure no. B1626eaa

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0

**Mil-std (military Standard):**

Mil-g-1149 spec.
