End Application:

2 1/2 in. 150lb bronze, flanged, scupper valve

Product Name:

Bonnet gasket

Material:

Rubber butadiene-styrene class sbr

Material Specification:

Mil-g-1149, type 2, I 2 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-g-1149 spec.
