Min. Tensile Strength (psi):

50 pounds per square inch

Temperature Rating:

-40.0 degrees fahrenheit and 158.0 degrees fahrenheit

Length:

50.000 feet

Special Features:

1.50 wide .125 thick

Color:

Black both sides

Material:

Neoprene compound

Material:

Neoprene compound

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
