Min. Tensile Strength (psi):

2000 pounds per square inch

Binder Material:

Rubber, butadiene-acrylonitrile, astm d2000

Special Features:

Set equals two 60x60 sheets

Material:

Rubber butadiene-acrylonitrile class nbr and nonasbestos fiber

Reference Number Differentiating Characteristics:

Material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
