**Product Name:**

Ener-cap ii

**Special Features:**

High performance bidirectional seal; circumferential grooves give better dynamic sealing; retains lubricant, enhancing start-up performance; capable of sealing pressure up to 4000 psi; elastomer compound-nbr nitrite; cap material-avalon 50

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
