Overall Length:

7.00 inches

Overall Height:

2.00 inches

End Application:

Basic expeditionary airfield resources water system

Construction:

Solid

Product Name:

Seal housing, stainless

Special Features:

Purpose of seal housing is concentrically locate the shaft seal.

Material:

Stainless steel case

Style Designator:

Oval flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
