Overall Length:

6.900 inches

Overall Height:

6.005 inches

Gage Thickness:

0.005 inches

Center Hole Diameter:

Between 0.119 inches and 0.131 inches

End Application:

Alr 69a

Product Name:

Gasket, thermal

Special Features:

Material is thermstrate 2000 al-2; interpret drawing in accordance with mil-std-100f.

Material Specification:

Tag per mil-std-130 military standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
