End Application:

H-60r helo

Construction:

One-piece

Product Name:

P-shape extrusion seal

Special Features:

P shape is 1.12 x .62 x .06 typ, however no inside dia.To met mrc

Color:

Black

Material:

Rubber neoprene

Material Specification:

Mil-prf-6855f military specification single material response

Supplementary Features:

Tolerances: rma precision e2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-prf-6855f spec.
