End Application:

4520-01-598-1844

Product Name:

Tecsil braided rope gasket

Special Features:

Tecsil rope gaskets are used in high temperature compressible sealing and packing applications where temperatures exceed 1000 degrees

Material:

Silicon spiral wound filler

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
