| Ocean Continued Observe |
|--|
| Cross Sectional Shape: |
| O-ring |
| Cross Section Inside Diameter: |
| 0.878 inches |
| Product Name: |
| Hydraulic and pneumatic retainers |
| Special Features: |
| For use in glands mil-g-5514, gland design, packing, hydraulic and as4716 |
| Material: |
| Plastic polytetrafluoroethylene |
| Material Specification: |
| Mil-g-5514 military specification 1st material response and mil-r-8791 military specification 2nd material response retainer |
| Surface Treatment: |
| Plastic polytetrafluoroethylene retainer |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
| Fiig: |
| A032a0 |
| Mil-std (military Standard): |
| Mil-g-5514 spec. |
