Hole Diameter:

0.200 inches

Overall Length:

11.640 inches

Product Name:

Gasket, emi, antenna panel

Special Features:

Critical technology; assembly part; slots; 6 equally spaced holes

Material Specification:

Mil-std-130 military standard 1st material response

Style Designator:

Strip

Specification Or Standard:

0.040 thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-std-130 spec.
