Min. Tensile Strength (psi):

32 pounds per square inch

Temperature Rating:

0.00 degrees fahrenheit and 250.00 degrees fahrenheit

Special Features:

Plies: 2, weight: .69lbs, available width: .72", gauge: .099+/- .10", recommended working tension: 32lbs/", pulley diameter: 2", meets fda, cover surface 3/64", bottom surface: friction.

Color:

Black both sides

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
