**Min. Tensile Strength (psi):**

1000 pounds per square inch

**Width:**

30.00 inches

**Tempurature Rating:**

-40.0 degrees fahrenheit and 400.0 degrees fahrenheit

**Thickness:**

0.0625 inches

**Length:**

60.00 inches

**Strengthening Feature Material:**

Fiber, nonasbestos

**End Application:**

Hme-shop tools p/n mecpl-001

**Special Features:**

Matl is also made of aramid fibers and meets astm f104

**Material:**

Rubber

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A26800
